EXPLORER™ – Brother Fax T104

Document Name: EXPLORER™ – Brother Fax T104

Revision: B

Introduction: This document describes how to set up the EXPLORER™ 500 and the EXPLORER™ 700 with the Brother Fax T104 from Brother Industries.

Typical Applications:
 ▶ Home
 ▶ Office

Product Description: The Brother FAX T104 is the successor to the older Brother FAX T84 Fax. The Brother FAX T104 is a stand-alone fax machine with an integral telephone handset. All Faxes and copies are printed out on A4 paper.

The Brother FAX T104 has an internal 9,600bps modem, which is capable of transmitting a fax in approximately 15 seconds. Besides that, the Brother FAX T104 has 512KB memory and is able to store up to 20 pages of incoming faxes.

The Brother FAX T104 is able to forward received and stored faxes to another fax machine. Several copy functions such as the ability to automatically sort multiple copies, as well as the option to reduce or enlarge documents from 50% to 150%.

The Brother FAX T104 has automatic redialing should a number be busy.

Features:

- ▶ 9,600bps modem
- ▶ 4 one-touch speed dial
- ▶ 100 speed dials
- ▶ Up to 10 sheet automatic document feeder
- ▶ Up to 30 sheet paper capacity
- ▶ Up to 25 pages transmit/receive memory
- ▶ One year on/site warranty (upon registration)

Tested on products:

EXPLORER™ 500 Software version: 1.05
EXPLORER™ 700 Software version: 1.01

Instructions:

User's Guide and Quick Setup Guide can be downloaded from:
<http://welcome.solutions.brother.com/bsc/public>

Note:

The Brother Fax T104 may be set up as follows:
Follow the set-up procedure in the operator manual or quick guide that came with the fax machine. Make sure the "dialing tone" is set to "tone" (default). Connect the fax machine to the EXPLORER™ terminal via the RJ-11 port (phone/fax). To send faxes remember to prefix the fax number with 2* to dial out using 3.1KHz Audio service and enter hash mark (#), after the fax number. Example:
2*004539558888#

Tested:

The Brother Fax T104 has been tested with the EXPLORER™ 500 and the EXPLORER™ 700. The Brother Fax T104 is connected to the EXPLORER™ terminal with a standard RJ-11 cable. The fax works without any problems. From the test it has been concluded that the Brother Fax T104 is suitable for use along with the EXPLORER™ 500 and the EXPLORER™ 700.
